

# LATCH GUARDS

The Carbine Latch Guards are a next generation product. Here's why:

The biggest problems of securing exit doors have been weather resistance and high security.

Carbine latch guards combine to provide a 100% stainless steel product with a higher level of security.

### Features:

- Suitable for use with all standard locksets, leversets and mortice locks
- Constructed of corrosion resistant stainless steel
- Concealed or visible fix models
