

CARBINE SPRING BUTT HINGE

The Carbine Door Spring Butt Hinge is a next generation product. Here's why:

If you want to use a butt hinge, this is the first ever product that will give you automatic closing ability. When you use the Carbine Spring Butt Hinge you don't need to use a door closer to ensure the door closes automatically. This is a world first.

Features:

- Strong, reliable spring action
- Suitable for light and heavy doors alike

Specifications:

- Suitable to replace 100mm butt hinges
- 2.5mm steel construction
