

# TRAILER LOCK

The Carbine Trailer Lock is a commercial grade trailer lock that can be used on or off a car.

## Features:

- Square body that nestles comfortably into the recess of the lock
- Hardened horizontal locking shackle that makes it almost impossible to cut with bolt cutters
- Made from rust-resistant, heavy gauge steel with a plated finish
- Hole that accepts a high-quality Carbine padlock leaving little room for tamper
- Comes in attractive, barcoded, heat-welded clam shell pack
